Annual Security and Fire Safety Report

INTRODUCTION

This report has been prepared by the University of Idaho Office of Public Safety, Security, and Parking in collaboration with various other university stakeholders in compliance with the Jeanne Clery Campus Safety Act (the Clery Act). It includes important information regarding policies on campus safety and related issues, such as crime reporting; emergency procedures and notifications; alcohol and drug use; weapons; sexual violence and relationship violence; fire safety in on-campus student housing facilities; and other safety and security topics. The report also includes crime statistics for the previous three calendar years covering crimes reported to have occurred within the university's Clery geography (on campus; in certain non-campus buildings and property owned or controlled by the university and used by students; and on public property within or immediately adjacent to and accessible from the campus) and fire statistics for the previous three calendar years covering fires occurring in on-campus student housing facilities.

The report includes information for the University of Idaho Main campus (Moscow Campus) as well as the Boise Campus, Coeur d'Alene Campus, Idaho Falls Campus, and McCall Field Campus. Policies applicable to all campuses are included in the front portion of the report. A separate section for each separate campus outlines policies and statistics specific to that campus.

As required by federal law, this report is published on or before October 1 each year and is available by selecting the link at <https://www.uidaho.edu/-/media/UIdaho-Responsive/Files/infrastructure/PSS/annual-security-fire-safety-report.pdf>. Hard copies of the Annual Security and Fire Safety Report and the Daily Crime Log may be obtained at the University of Idaho Office of Public Safety, Security,

and Parking, located at Memorial Gym, Suite 111, Moscow, ID 83844. For more information, please call (208) 885-7233.

The University of Idaho is an equal opportunity education institution/ employer and operates without regard to race, sex, color, age, religion, national origin, disability, protected veteran status, sexual orientation, gender identity, or gender expression.

THE CLERY ACT

In 1990, Congress enacted the Crime Awareness and Campus Security Act. This act requires all public or private postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The act was renamed the Jeanne Clery Campus Safety Act in 2025. The Campus Sexual Violence Elimination Act, or Campus SaVE Act, became law in March 2013. The Clery Act requires higher education institutions to develop, implement, and disclose campus security and fire safety policies; alert the campus community through "timely warnings" of a serious or continuing threat to safety; develop and maintain a daily crime and fire log; develop and distribute an annual report that discloses the security and fire policies and three years of crime and fire statistics; and report the statistics to the US Department of Education annually.

CAMPUS CRIME LOG

The Office of Public Safety, Security and Parking (OPSSP) maintains a Daily Crime Log of all incidents that occur on University of Idaho property and in the patrol jurisdiction of OPSSP. The log does not include personally identifying information about victims. OPSSP receives a daily report from the Moscow Police Department that provides the date, time, case number, report nature, and address of the incident. This data is used to create a daily crime log that is kept on file, without personally identifying information about the victim(s) and is publicly available on the OPSSP website or in person at the OPSSP office. Any other submissions made by the campus community are also reported through the Office of Public Safety, Security and Parking.

COLLECTION OF STATISTICS

The collection of data includes: the Moscow Police Department, Vandal Security, Moscow Volunteer Fire Department, and Campus Security Authorities.

Requests for crime statistics are submitted to other law enforcement agencies around the state that have jurisdiction over other University of Idaho owned, leased, or controlled locations.

PREPARATION AND DISTRIBUTION

Policies for preparing the annual disclosure of campus crime statistics: The university coordinates the collection and reporting of crime statistics as specified by federal law. The information is compiled into a report. Each year, enrolled students, faculty, and staff are notified via email of the website where this report can be accessed and reviewed. The policies and procedures in the report apply to all University of Idaho campuses unless otherwise specified.

Prospective students and employees may access the report by following the link provided on the Human Resources, Admissions, or Office of Public Safety and Security websites.

Printed copies are available upon request by contacting: The Office of Public Safety, Security, and Parking 875 Perimeter Drive, MS 2427, Moscow, ID 83844 or campus-security@uidaho.edu or in person at Memorial Gym, Suite 111.

CLERY COMPLIANCE WORK GROUP (CCWG):

The CCWG is a group of appointed members selected by the Executive Director of the Office of Public Safety, Security, and Parking (or designee) that ensures the university is complying with the Clery Act. Members include but are not limited to: Director of Clery Compliance, Vandal Security, Office of Civil Rights and Investigations, Athletics, Human Resources, Office of General Counsel, Dean of Students, Provost Office, Housing and Residence Life, Alcohol and Other Drugs Program, Environmental Health and Safety, Fraternity and Sorority Life, Real Estate, Education Abroad, and Moscow Police Department.

REPORTING CRIMES AND OTHER EMERGENCIES

ACCURATE AND PROMPT REPORTING

All students, faculty, staff, and visitors are encouraged to promptly and accurately report criminal incidents, accidents, emergencies and non-emergencies, including in situations where the victim is unable to report. If there is an emergency, call 911. For non-emergencies and other reports, call:

- **Moscow Police Department** - 208-882-COPS (2677)

OTHER REPORTING OPTIONS:

- **Vandal Security** - Memorial Gym, Suite 111. 208-885-7233 or campus-security@uidaho.edu.
- **Online** - Two online forms are available from the Office of Public Safety and Security website under "Jeanne Clery Act". Submitted forms are reviewed during regular business hours:
 - Clery Incident Report Form - [Clery Incident Report](#)
 - Silent Witness Report Form - [Silent Witness](#)
- **RAVE Guardian App** - A branded mobile safety app that connects university affiliates directly to university security resources including features such as location data, two-way chat, anonymous tips submission and an automatic safety time.
- **Office of Civil Rights and Investigations** - To report any Title IX violation to the University of Idaho (sexual assault, stalking, domestic violence, and dating violence), contact the Office of Civil Rights and Investigations. ocri@uidaho.edu, (208) 885-4285, or 530 S Asbury St., suite #5.

OPTIONS REGARDING INVOLVEMENT OF LAW ENFORCEMENT AND CAMPUS AUTHORITIES FOR VICTIMS

The university works closely with the Moscow Police Department. Sexual misconduct involving UI students will be reported to UI through MPD. The university has an obligation to look into these matters and will contact a victim for care and concern or additional information. Unless the reporter is a witness, they have the option to decline talking to UI, but the university will try to address the concerns to the best of its ability. If victims wish to report an incident to police, there are resources available, whether it be on campus or off-campus. Victims have the option to be assisted by campus authorities in notifying law enforcement authorities if the victim chooses and may also decline to notify such authorities.

Students, faculty, staff, or visitors may report a crime confidentially using the Silent Witness form. The form is submitted electronically to the Office of Public Safety, Security, and Parking. There is an option to provide contact information if the person reporting wishes to do so, but it is not required. Incidents reported via Silent Witness are assessed for inclusion in the Annual Security Report.

There are confidential resources available on and off-campus. The Counseling and Mental Health Center is confidential, as is the Student Health Center. Alternatives to Violence of the Palouse (ATVP) is an off-campus confidential resource that can provide advocacy and support.

There is also a confidential 24-hour hotline. If anyone sees or suspects unethical or illegal behavior, they may report their concerns anonymously by calling The Network at 1-800-775-1056.

PASTORAL AND PROFESSIONAL COUNSELING

The University Counseling and Mental Health Center provides a supportive and confidential environment for students to explore their concerns and learn new skills to deal more effectively with problems that may be interfering with their personal well-being and academic goals. Crisis appointments are also available during normal operating hours, and for after-hours crisis intervention, students may call the Counseling and Mental Health Center at (208) 885- 6716. Professional counselors at the university are encouraged, if they deem appropriate, to inform those they counsel of the procedures for reporting crimes voluntarily for inclusion in the annual security and fire safety report.

MONITORING AND REPORTING OF CRIMINAL ACTIVITY

The Office of Public Safety, Security and Parking receives alerts from the Moscow Police Department on a continuous basis including the time, case number, nature, and location of each incident. OPSSP and MPD collaborate to determine relevant Clery information for all calls within the university Clery geography. All other student groups are encouraged to follow instructions provided by the Office of Public Safety, Security and Parking and if criminal activity occurs contact law enforcement in the local jurisdiction and submit an incident/ accident report to the university.

CAMPUS LAW ENFORCEMENT AND CRIME REPORTING

MOSCOW POLICE DEPARTMENT

Police services are provided by Moscow Police Department (MPD) under a contract between the Regents of the University of Idaho and the City of Moscow. MPD has full police authority to investigate, apprehend, arrest, and to enforce state laws and local ordinances on campus. Moscow Police Department has jurisdiction over streets, alleys, and other public areas. Fraternities and sororities are located in the City of Moscow and receive police services from the Moscow Police Department. Moscow Police Department interacts with federal, state, and local law enforcement agencies. There is a Moscow Police Department sub-station on the Moscow campus, located in Memorial Gym, Suite 111.

CAMPUS SECURITY

There are multiple non-campus properties within the main University of Idaho campus boundary that are monitored and patrolled by Moscow Police Department. Moscow Police record criminal activities by students (and non-students) at all locations.

The University of Idaho Vandal Security services include non-sworn campus professionals who are responsible for patrolling the main campus property. Vandal Security is managed through the Office of Public Safety, Security and Parking. The University of Idaho Office of Public Safety, Security and Parking will partner with the campus community to foster student success and ensure the University of Idaho is a safe place to learn, work, and visit. Vandal security strives to provide a safe and healthy environment through quality training, effective leadership, and collaboration with MPD as well as other university affiliates. While Vandal Security personnel do not have the arrest authority of a police officer, the non-sworn, unarmed Vandal Security team's core duty is to make the university safe by:

1. Performing regular visible patrols of the facilities to watch for potential safety hazards and crimes;
2. Checking to ensure buildings are secured;
3. Documenting problems;
4. Reporting issues to the university staff that have responsibility for the area/facility or to the MPD as directed; and
5. Providing safe walk services by accompanying students, faculty, and/or staff across campus to make sure they can safely traverse the campus without fear of personal harm. For this service, please call (208) 885-SAFE (7233).

CAMPUS SECURITY AUTHORITIES

The [Clery Incident Report](#) form is designed for Campus Security Authorities (CSAs) to report Clery qualifying crimes and incidents as required by the Clery Act. The CSA reporting tool also has required fields so that the Office of Public Safety, Security and Parking, Dean of Students Office, Title IX Coordinator, Moscow Police Department and/or other applicable parties may obtain further information to properly report, investigate, and provide the necessary services if needed.

INTERAGENCY PLANNING, TRAINING AND EXERCISES- ENVIRONMENTAL HEALTH AND SAFETY

In addition to the above, Vandal Security attends tabling events such as PalousaFest, Take Back the Night, and Uldaho Bound throughout the year to inform students and employees about campus security procedures and practices to encourage students and employees to be responsible for their own security and the security of others. Vandal Security provides these services on all University of Idaho owned property at the Moscow campus.

In addition to planning, training, and exercising with the Moscow Police Department, and the Moscow Volunteer Fire Department, the UI Environmental Health and Safety Office has representation on the Latah County Local Emergency Planning Committee (LEPC) and the North Central Healthcare Coalition. In addition, they participate in the LEPC workshops and in Idaho Bureau of Homeland Security exercises.

REGISTERED SEX OFFENDERS

In Compliance with the Clery Act, the University of Idaho is required to provide the campus community with access to the Idaho's public Sex Offender Registry. That national Sex Offender Registry is maintained by the U.S. Department of Justice. A link to the Idaho State Police Sex Offender Registry (SOR) may be accessed from the Jeanne Clery Act Page within the Office of Public Safety and Security website or through ISP's website: Idaho State Police webpage: https://isp.idaho.gov/sor_id/search_regnam.html. The Idaho SOR searches may be conducted by registrant's last name, city, county, zip code or map. In addition, the National Sex Offender Registry may be accessed via their website: <https://www.nsopw.gov/>.

ADAM WALSH CHILD PROTECTION AND SAFETY ACT OF 2006

The Adam Walsh Child Protection and Safety Act of 2006 was created to protect children from sexual exploitation and violent crime, to prevent child abuse and child pornography, to promote Internet safety, and to honor the memory of Adam Walsh and other child crime victims. For more information, visit: [H.R.4472 - 109th Congress \(2005-2006\): Adam Walsh Child Protection and Safety Act of 2006 | Congress.gov | Library of Congress](#)

SECURITY AND ACCESS TO CAMPUS

The University of Idaho is open to the public during normal working hours (Monday-Friday 8am-5pm, excluding holidays) Outside those hours, all facilities are locked and secured unless otherwise required by educational program. The University of Idaho maintains a strong commitment to campus safety and security. Parking lots, pedestrian walkways and building exteriors are well lit. Issues with lighting deficiencies are reported to the appropriate department by Vandal Security. Members of the campus community are encouraged to report any exterior lighting deficiencies to Vandal Security, 208-885-7233.

A cooperative effort by Office of Public Safety, Security and Parking, Facilities Maintenance and Operations, Vandal Security and building occupants is utilized to survey exterior doors. The purpose of this effort is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus are locked and secured each evening by UI staff. These personnel report door and security hardware operating deficiencies to Facilities Maintenance

and Operations or Vandal Security. The maintenance and security of campus buildings spans the areas of key control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste policy, ventilation, life safety items, etc.

Shrubbery, trees and other vegetation on campus are trimmed and managed on an ongoing basis to meet safety standards which helps deter individuals from concealing themselves within vegetation.

Keys and cards are issued to students, staff, faculty and contractors for entry to university facilities for the purpose of conducting university related business only. Contractors working on university projects are required to meet with the Facilities Architecture and Engineering Services department to obtain authorization for access. They are then issued the appropriate keys and card access on a temporary basis to the required areas for their work. Contractors are responsible for the security of the keys/access, their proper use, and the spaces they unlock. Access and keys issued are for official authorized University of Idaho business use only and are the property of the University. The most effective security happens when all university employees and students share the responsibility of ensuring the safety and integrity of all campus facilities.

Keys are to be returned to Facilities when the project requiring the keys/access ends or upon request. Project retention will not be released until all keys are returned. Some funding is typically retained from contractors, attempting to ensure all punch list and manuals, etc. are completed before final payout of contract. Misuse and or loss of the keys/access issued could result in severe disciplinary action up to and including prosecution and/or restitution to re-key all affected areas.

RESIDENTIAL HOUSING ACCESS

Access to residential buildings is operated by Housing and Residence Life (HRL) and is restricted to residents, their guests, and applicable staff. The Residence Hall Handbook, and Apartment Procedures and Policies Handbook contain information on access to dormitories and on campus apartments. Access can be gained by card and/or key. Students will be issued a room key or room/suite access on their Vandal Card when they check in to the residence halls as well as Vandal Card access to the exterior building doors.

Residence Hall students must use their Vandal Card to enter a residence hall and their card access is restricted to their specific residence hall building and community areas.

HRL requires that students living in the residence halls escort guests in and out of the buildings at all times. Students may not have a guest stay more than three (3) consecutive nights during the semester, or seven (7) nights per semester. Residents are not allowed to give card access to their guest.

At no time is a student allowed to loan or give a key or student ID card to another person or use a key or student ID to admit an unescorted person or non-resident.

Any resident who is locked out of their room or building may go to the Living Learning Community (LLC) Information Desk and check out a spare key or temporary access card. Lock out keys not returned within 24 hours may result in room locks being changed and the student being charged for parts and labor.

Moscow Police Department officers are members of the university community and are regularly in the residence halls for community-oriented policing, educational programming and to address community concerns as they arise.

HRL works with Campus Security to provide hall walk-throughs, safety checks and a 24-hour campus "Safe Walk" program.

Timely Warnings and Emergency Notifications

VANDAL ALERT SYSTEM

The Office of Public Safety, Security, and Parking has overall management responsibility for the Vandal Alert System. Vandal Alert is an institution-wide, emergency notification system that uses text, email, and the Guardian app to send Vandal Alerts to the campus community. When appropriate, alerts may be broadcast through other communication methods (web pages, press releases, printed or social media, etc.)

Contact data/membership in Vandal Alert is updated daily through an automated process to ensure accurate membership. Students and employees are encouraged to update their Vandal Alert contact information through the MyUI application. Members of the greater Moscow community may also be enrolled in Vandal Alert.

EMERGENCY NOTIFICATION (CLERY ACT REQUIREMENT).

A communication issued to the campus community triggered by an event currently occurring on or imminently threatening the UI campus. UI will initiate Emergency Notification procedures for any significant emergency or dangerous situation representing an immediate threat to the health or safety of the campus community.

TIMELY WARNING (CLERY ACT REQUIREMENT).

An alert issued to the campus community when a Clery Crime is reported on Clery geography and represents a serious or continuing threat to the campus community.

ADVERSE WEATHER NOTIFICATION.

An alert issued to the campus community when projected or existing severe or adverse weather conditions may impact university operations requiring delays or cancellation of classes or events or the closure of a university facility, site or campus.

INFORMATIONAL NOTIFICATION.

A notification issued to the campus community that does not meet the criteria for either an Emergency Notification or Timely Warning but may be of significant interest to the campus community.

POLICY AND PROCEDURE

Emergency Notifications will be broadcast when the university confirms that a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty, staff or visitors is occurring on campus. The emergency may be confirmed in several ways, including by law enforcement or other first responders on scene or an alert from the National Weather Service. In those instances, the Executive Director of Public Safety, Security and Parking, or designee, will, without delay, and taking into account the safety of the community, determine the content of the notification and broadcast the notification, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Emergency Notifications will include instructions to the university community for protective action. When the threat no longer exists, an "all clear" alert will be broadcast. The Executive Director of Public Safety, Security and Parking, or designee, has the authority to broadcast Emergency Notifications to the university community using the Vandal Alert System. When appropriate, Emergency Notifications may be broadcast through other communication methods such as web pages, press releases, printed or social media,

Timely Warnings will be broadcast when a report of a Clery Act Crime, occurring on Clery act geography, is received by campus security authorities and, in the judgment of the institution, the crime at issue poses a serious or continuing threat to students and employees. The Executive Director of Public Safety, Security and Parking, or designee, will broadcast Timely Warnings using the Vandal Alert system in a manner that is timely and will aid in the prevention of similar crimes, unless issuing a warning will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the threat. The intent of a timely warning is to enable people to protect themselves and their property. Timely Warnings will be issued as soon as pertinent information is available. Timely Warnings may also be broadcast

for non-Clery crimes that pose a serious or continuing threat to the campus community. The Executive Director of Public Safety, Security, and Parking, or designee, has the authority to broadcast Timely Warnings to the university community.

Adverse Weather Notification. Adverse weather notifications will be broadcast when significant severe weather conditions exist that may have an impact on university operations and when the University of Idaho President or designee decides to close or delay opening a UI facility. The Executive Director of the Office of Public Safety, Security, and Parking, or designee, has the authority to broadcast an Adverse Weather Notification, and to notify the university community of approved closures or delays.

Informational Notification. Informational Notifications will be broadcast when a reported crime or emergency does not meet the criteria for other alerts, but, in the judgment of the institution, the campus community should be notified about an incident. Situations that may be appropriate for broadcasting an informational notification include incidents or crimes occurring off campus that may have an impact on student or employee security interests; violent crimes in which the perpetrator or suspect has been apprehended or is known not to be on campus; or incidents that may generate significant interest across the campus community. The Executive Director of Communications, or designee, has the authority to broadcast an Informational Notification.

Vandal Alert System Testing. The University Emergency Manager will test the Vandal Alert System on an annual basis. Test messages may be broadcast using a single mode or may combine multiple modes of the system. Test messages will clearly state in the subject line that there is no actual threat or emergency and that the purpose of the notification is to test the system and/or response plans and capabilities. To the extent possible, system tests will be combined with emergency response drills. All tests will include an after-action review and documentation. The after-action report will include whether the test was announced or unannounced and whether the University's evacuation procedures were published.

VANDAL ALERT- OTHER INFORMATION

The University of Idaho will not disclose personally identifying information of the victim of a reported crime in a timely warning message.

Dissemination- University officials can send messages to all university affiliates, or a portion of affiliates, based on the situation(s) presented. The University of Idaho can send text, email, and/or RAVE Guardian messages.

The Vandal Alert messaging system was tested, campus wide, in March 2025.

EVACUATION PROCEDURES

The Environmental Health & Safety Office has developed general emergency evacuation procedures, and each department should supplement these procedures with departmental specific information. It is recommended that these procedures be posted in every department and distributed to all building occupants. Evacuation procedures for all residential buildings are under University Housing and can be found in the fire safety section of this report.

UNIVERSITY OF IDAHO EMERGENCY UPDATE LINE - (208) 885-1010

Students, Faculty, and Staff Members may call this number for information and status updates on emergencies and campus closures. This line is a recorded update only.

TELEPHONE TREES

The University units maintain and update phone numbers of contacts that are activated during emergencies.

LOCAL NEWS MEDIA

University Communications and Marketing sends press releases and communicates with local media. Because our students, staff and faculty have varying schedules, the university depends greatly on broadcast media to communicate important emergency information to our campus community before or during their commutes.

Missing Students Policy APM 95.34

Any Campus Security Authority or member of the university community who has reason to believe that a student who resides in on-campus University housing is missing should notify Vandal Security at their 24/7 number: (208) 885-SAFE (7233).

In addition to registering a general emergency contact, each student residing in on-campus university housing has the option to register a confidential emergency contact person to be notified if the student is determined to be missing for 24 hours. Students wishing to register a confidential emergency contact may do so on MyUI.

If a student has identified a confidential emergency contact person, the university will notify that individual no later than 24 hours after the student is determined to be a Missing Student.

The university will also notify the parent or legal guardian of any Missing Student under the age of 18 that is not emancipated.

The confidential emergency contact person information will only be shared with authorized university officials and law enforcement personnel in furtherance of a Missing Student investigation.

The university will notify the Moscow Police Department (MPD) within 24 hours of the determination that a student is a Missing Student.

Notice of Non-Discrimination

The University of Idaho has a policy of nondiscrimination on the basis of race, color, religion, national origin, sex, age, sexual orientation, gender identity/expression, disability, genetic information, or protected veteran or military status. This policy applies to all programs, services, and facilities. It includes—but is not limited to—applications, admissions, access to programs and services, employment, and advancement. Questions or concerns about the content and application of these laws, regulations, or University policy may be directed to the Director of the Office of Civil Rights and Investigations (208-885-4285); Director of the Center for Disability Access and Resources (208-885-6307); the Idaho Human Rights Commission (208-334-2873); Regional Office for Civil Rights, U.S. Department of Education in Seattle (206-220-7900); Equal

Employment Opportunity Commission, Seattle District Office (206-220-6883); or Seattle Regional Office of Federal Contract Compliance Programs, U.S. Department of Labor (206-398-8000).

DRUG AND ALCOHOL POLICIES

APM 95.31- ALCOHOL

General. This section outlines state, municipal, and university provisions regarding the consumption of alcoholic beverages.

Legal Provisions. Under Idaho law it is illegal for any person under 21 years of age to purchase or attempt to purchase, or otherwise procure, possess, or consume beer, wine, or other alcoholic or intoxicating liquor. It is also illegal to sell, serve, give, or furnish beer, wine, or other alcoholic or intoxicating liquor to a person under the age of 21. Because the main university campus is within Moscow city limits, city beverage ordinances, which conform closely to state law, also apply on the campus and are enforced by the city police.

Information. For further information contact General Counsel (208) 885-6125 or Risk Management Office (208) 885-7177.

APM 95.32 DRUG FREE WORKPLACE

Policy. This section describes the university's policy with regard to the use of controlled substances at the university.

Federal and State Statutes. The unlawful manufacture, distribution, dispensing, possession, or use of any controlled substance (as defined in the federal Controlled Substances Act and 21 CFR 1300.11 through 1300.15 and in Title 37, Chapter 27, Idaho Code) is prohibited in or on all property owned or controlled by the university or at any location where the university's work is performed.

Campus Community. This policy applies equally to administrators, faculty, staff, and students.

Employee Disciplinary Sanctions. Any university employee determined to have violated this policy will be subject to sanctions, up to and including termination of employment under procedures defined in FSH sections [3190](#), [3840](#), [3860](#), [3880](#), [3910](#), [3920](#) and [3930](#). These sections outline procedures for disciplinary actions and appeals for employees.

Student Sanctions. Prohibitions regarding use of controlled substances by students are addressed by the Student Code of Conduct-FSH 2300.

Additional Information. Information on the health hazards associated with use of controlled substances, as well as assistance in recognizing and dealing with substance abuse problems generally—including abuse of alcohol—is available through services such as the Employee Assistance Program, the Counseling and Mental Health Center, Student Health, the Latah County Office of the Idaho Department of Health and Welfare, and through private physicians.

SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE, & STALKING

DEFINITIONS

- Sexual Assault - Any offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting (UCR) Program.
- Sex Offenses - Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
- Rape - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest - Sexual intercourse between people who are related to each other within the degree wherein marriage is prohibited by law.
- Statutory Rape - Sexual intercourse with a person who is under the statutory age of consent.
- Consent- Knowing, voluntary, and clear permission by word or action to engage in activity with another individual(s), not limited to sexual activity. Consent can be withdrawn at any time upon notice, by word or action, to the other party.

DOMESTIC VIOLENCE

Idaho Statute: Idaho law, for purposes of criminal law, defines "domestic violence" in Idaho Code 18-918 as an assault or battery committed by one household member against another household member. A "household member" is "a person who is a spouse, former spouse, or a person who has a child in common regardless of whether they have been married or a person with whom a person is cohabiting, whether or not they have married or have held themselves out to be husband or wife".

UNIFORM CRIME REPORTING DEFINITION (UCR):

A felony or misdemeanor crime of violence committed:

- by a current or former spouse or intimate partner of the victim;
- by a person with whom the victim shares a child in common;
- by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- by any other person against an adult or youth victim who is protected from that person's act under the domestic

or family violence laws of the jurisdiction in which the crime of violence occurred.

DATING VIOLENCE

Idaho Statute: "Dating Violence" is not defined in Idaho law. However, a person in a "dating relationship" who is subjected to "physical injury, sexual abuse or forced imprisonment or the threat thereof" by the other partner in that dating relationship can file a petition with the court requesting a court issued protection order. A "dating relationship" is defined in Idaho law as a "social relationship of a romantic nature." Idaho law lists four factors for a court to use to determine if a relationship is dating relationship:

- 1) the nature of the relationship;
- 2) the length of time the relationship has existed;
- 3) the frequency of interaction between the parties; and
- 4) the time since termination of the relationship, if applicable.

UNIFORM CRIME REPORTING DEFINITION (UCR):

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the people involved in the relationship. For this definition,

- (a) dating violence includes sexual or physical abuse or the threat of such abuse.
- (b) dating violence does not include acts covered under the definition of domestic violence.

STALKING

Idaho Statute: "Stalking" is defined in Idaho law as "a course of conduct that seriously alarms, annoys or harasses the victim and is such as would cause a reasonable person substantial emotional distress" or "a course of conduct such as would cause a reasonable person to be in fear of death or physical injury, or in fear of the death or physical injury of a family or household member." Idaho law defines "course of conduct" as "repeated acts of nonconsensual contact involving the victim or a family or household member of the victim," but not including constitutionally protected activity. Idaho law further defines "nonconsensual contact" as "any contact with the victim that is initiated or continued without the victim's consent, that is beyond the scope of the consent provided by the victim, or that is in disregard of the victim's expressed desire that the contact be avoided or discontinued." Examples of nonconsensual contact contained in the law include, but is not limited to:

- 1) following the victim or maintaining surveillance on the victim;
- 2) contacting the victim in a public place or on private property;
- 3) appearing at the workplace or residence of the victim;
- 4) entering onto or remaining on property owned, leased or occupied by the victim;

- 5) contacting the victim by telephone or causing the victim's telephone to ring repeatedly or continuously regardless of whether a conversation occurs;
- 6) sending mail or electronic communications to the victim; or
- 7) placing an object on, or delivering an object to, property owned, leased or occupied by the victim.

UNIFORM CRIME REPORTING DEFINITION (UCR):

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- (a) fear for his or her safety or the safety of others; or
- (b) suffer substantial emotional distress.

PROCEDURES TO FOLLOW IN THE EVENT OF A SEXUAL ASSAULT, RELATIONSHIP VIOLENCE, AND/OR STALKING

The University will maintain confidentiality regarding any supportive or protective measures to the victim, to the extent that maintaining such confidentiality does not impair the ability of the institution to provide these supportive and protective measures.

Get to Safety – Get to a safe place and ask a friend/family member to stay with you.

Write Down Details – Document, or have a friend document, everything you can remember about the incident including a physical description of the perpetrator, their identity if you know it, and the use of threats or force.

Preserve Evidence – Preserving physical evidence can play an important role in prosecuting a sexual assault suspect and obtaining a protective order. Try to preserve all evidence of the assault. Avoid drinking, bathing, showering, douching, brushing your teeth or changing your clothes. Evidence can be collected at an emergency room, and you can decide later whether or not you want to pursue a criminal investigation. Collecting physical evidence must occur within 72 hours (3 days).

Call Help – Call the Alternatives to Violence on the Palouse 24-hour helpline (208) 883-HELP (4357) to speak with an advocate for confidential and anonymous support. This advocate can help walk you through the process of seeking medical help, preserving evidence and reporting the crime, based on what you are comfortable with.

Get Medical Attention – Your personal health is most important! Visit an emergency room or medical facility to be checked out. This includes testing for HIV and other sexually transmitted infections (STIs), as well as receiving preventative treatments (medications to prevent STIs and pregnancy and protect against HIV transmission may be offered). A nurse who is a specially trained Sexual Assault Nurse Examiner (SANE) will help you and collect evidence.

Victims have the right to seek protection, restraining or other similar lawful orders issued by a court. The university can issue “no-contact” orders between individuals and enforce those no contact orders through the university’s disciplinary procedures. University issued no-contact orders cannot be enforced by law enforcement. Further, the university cannot enforce court orders; however, for every lawfully issued court order the institution has knowledge of, the institution will take every reasonable step to ensure that the university does not cause either party to intentionally violate the order.

For assistance on obtaining no-contact orders, contact Moscow Police Department (208-882-2677) or Latah County Sheriff (208-882-2216).

RESOURCES

Violence Prevention Programs (208) 885-6757 - If you or someone you know has experienced a sexual assault or is in an abusive relationship, we are here to help. We are here to listen, support, and provide resources and options – you should not have to face an abusive situation alone.

Alternatives to Violence of the Palouse (208) 883-4357 – If you need a confidential advocate to talk you through the process of getting the help you need regarding sexual assault, domestic violence or stalking, contact ATVP.

For a list of additional resources available to students and employees, visit: <https://www.uidaho.edu/ocri/resources>

ON-CAMPUS

Vandal Health Clinic** (208) 885-6693 – In the event of a sexual assault, if you need information on how to obtain emergency contraception or STD testing, call the Student Health Clinic to set up an appointment.

Counseling and Mental Health Center** (208) 885-6716 – To meet with a counselor on campus, please contact or Counseling and Mental Health Center to schedule an appointment.

OFF-CAMPUS

Moscow Police Department (208-882-COPS) – To report sexual assault, domestic violence or stalking, please contact MPD.

National Sexual Assault Hotline** - (800) 656-HOPE (4673)

Gritman Medical Center** - (208) 882-4511

*Semi Confidential - These locations do not disclose information that does not amount to a “Clery Crime” and did not occur on campus. Even if what you do report is a Clery Crime that occurred on campus, your name and specific disclosure is not reported. All that is reported is what the crime was and where it occurred.

**Confidential – These reporting locations do not disclose the information you share to the university, the police or anyone else without your permission or extenuating circumstances (e.g., imminent threat of harm). Please note: Gritman Medical Center will contact police and advocacy agencies, but it is your decision if you want to speak with an agency representative.

CHANGES IN ACADEMIC AND LIVING SITUATION

Whenever the university receives a report of sexual assault, stalking, domestic violence or dating violence, complainants who are members of the university community may be referred to an advocate from the Violence Prevention Program who can serve as a resource person to the complainant to identify, explain and navigate the complainant’s reporting options and the available support services. This includes referrals to counseling, educational support, medical treatment, and information about university processes, criminal processes, and legal assistance. The advocate may also aid in rearranging class schedules, extracurricular activities, and on- campus housing/dining

arrangement (for reasons including avoiding contact with the accused student).

The advocate may also assist the complainant with working with appropriate offices to make reasonable accommodations such as but not limited to issuing written instructions to the accused student restricting them from contacting the complainant; temporarily moving the complainant – if living in university housing – to other living arrangements; or making alternative instructional arrangements for the accused student.

When a student or employee reports to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the university will provide the student or employee a written explanation of the student's or employee's rights and options.

Including:

- Existing Counseling
- Health
- Mental Health
- Victim Advocacy
- Legal Assistance
- VISA and Immigration Assistance
- Other services are available for victims both within institutions and in the community.

The University of Idaho will provide written notification to victims about options regarding how to request changes to academic schedule, living situation, transportation needs, and/or working situations or protective measures.

PROCEDURES THE INSTITUTION WILL FOLLOW FOR A REPORT OF SEXUAL ASSAULT, DATING VIOLENCE DOMESTIC VIOLENCE OR STALKING

The University of Idaho, through its Student Code of Conduct (FSH 2300) and the Rule of Ethical Conduct for University Employees (FSH 3170), prohibits dating violence, domestic violence, sexual assault, and stalking. The Title IX Sexual Misconduct policy applies to sexual harassment occurring in a university education program or activity and against a person while in the United States.

The Student Code of Conduct & Conduct Resolution Process ("the Code") contains prohibited student conduct and regulations for addressing reports of such conduct in a manner consistent with the requirements of procedural due process. In addition to the general expectations for conduct as set forth in this chapter, it contains a description of prohibited conduct.

Although DOS has primary authority and responsibility for administration of the Code, the Director of the University's Office of Civil Rights and Investigations has primary authority and responsibility for the investigation of prohibited student conduct that includes allegations of discrimination, as defined in the Code.

Upon receipt of a report of sexual harassment the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures and explain the process for filing

a formal complaint. Supportive measures are available regardless of whether the complainant chooses to file a formal complaint. Supportive measures may include, but are not limited to:

- Referral to counseling, medical, or other healthcare services;
- Extensions of deadlines or other course-related adjustments;
- Modifications of work or class schedules;
- Provision of campus SafeWalk services;
- Mutual restrictions on contact between the parties;
- Changes in work or housing arrangements;
- Leaves of absence;
- Referral to community-based providers;
- Student financial aid counseling;
- Education of the institutional community or community subgroup(s);
- Safety planning.

The University will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University has two options for addressing a formal complaint: investigation and informal resolution.

Once investigators conclude the investigation, investigators will draft a preliminary investigative report. This preliminary investigative report will be provided to all parties (either in hardcopy or electronically) to inspect and review.

Parties will have the same opportunities to meet with an investigator, provide evidence, and suggest witnesses to be interviewed. The parties also have same right to have others present at each step in the process, including an advisor of their choosing, who may be a friend, colleague, attorney, family member, advocate or other person.

Requests for extensions will be granted at the discretion of the Title IX Coordinator for good cause. Written notice of the extension of the deadline will be provided to all parties and will apply equally to all parties.

POSSIBLE SANCTIONS AND REMEDIES

EMPLOYEES. The sanctions which may be imposed upon any employee determined to have violated this policy range from a written warning to termination, and may include one or more of the following:

- Written warning;
- Letter of reprimand;
- No-contact directive;
- Reassignment of position and/or location;
- Modification of duties;
- Withholding of pay increase;
- Pay decrease;

- Demotion;
- Suspension without pay;
- Termination.

STUDENTS. The sanctions which may be imposed upon any student determined to have violated this policy range from a warning to expulsion, revocation of degree, or withholding of degree, and may include any of the following:

- Warning;
- Probation;
- No-contact directive;
- Community service;
- Loss of privileges;
- Restitution;
- Educational sanctions;
- On-campus housing suspension;
- On-campus housing expulsion;
- Suspension, which may include the imposition of conditions that must be fulfilled before the student may re-enroll;
- Expulsion;
- Revocation of admission;
- Revocation of degree;
- Withholding of degree;
- Trespass from some or all University property.

OTHERS. The sanctions which may be imposed upon any other person over whom the University exercises substantial control determined to have violated this policy may include any of the following:

- Warning;
- Loss of privileges;
- Trespass from some or all University property;
- Termination or suspension of affiliation with the University;
- Exclusion from participating in any University program or activity.

INFORMAL RESOLUTION

At any time prior to a determination regarding responsibility, the University and the parties may agree to participate in an informal resolution process whereby the parties agree to an appropriate resolution without further investigation, hearing, or appeal. All parties must agree to a resolution under the informal resolution process.

The University will train the Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process on how to conduct the University's grievance process including hearings, appeals, and informal resolution processes; and

how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The University will protect the confidentiality of victims and other necessary parties, including the completion of publicly available recordkeeping such as Clery Act reporting and disclosures, without including personally identifying information about the victim.

Advisor: The person of the student's choosing who has agreed to advise the student during the University disciplinary process and attend scheduled meetings with the student. The Advisor's role is simply to advise the student, and the Advisor is not permitted to speak during hearings, conferences, or interviews unless allowed by the University official conducting the interview.

Retaliation. Retaliation includes conduct that intimidates, interferes with, threatens, coerces, or otherwise discriminates against any individual because that individual opposes or reports a perceived wrongdoing, inequity, or violation of law or University policy, files a complaint alleging illegal or prohibited discrimination or violation of law or University policy, participates in a University grievance or response procedure, or participates in a University dispute resolution process. Alleged retaliation when the activity is based on a protected status will be referred to OCRI, the office responsible for investigating those claims using its complaint resolution processes.

USE AND MISUSE OF ALCOHOL AND CONTROLLED SUBSTANCES

CONTROLLED SUBSTANCES.

1. Using, possessing, manufacturing, cultivating, selling, or distributing any state or federally controlled drug, designer/ synthetic drug, or substance, including, but not limited to, cannabis, heroin, narcotics, or other controlled substances, in violation of any applicable law or University policy.
2. Possessing or using any paraphernalia used for drug consumption. Paraphernalia includes but is not limited to bongs, bowls, pipes, or any homemade smoking device.
3. Using, possessing, selling or distributing prescription or over-the-counter medications by an individual for whom it was not prescribed.
4. Inhaling or ingesting any substance (e.g., nitrous oxide, glue, paint, etc.) that is intended to alter a student's mental state without a prescription.
5. A violation may also occur when the odor of an illegal or controlled substance or drug is present when more than one individual can reasonably trace it to a specific individual.

ALCOHOL.

1. Consuming, possessing, manufacturing, or distributing alcoholic beverages in violation of any applicable law or University policy (see APM 80.01 for alcohol permit requirements and APM 95.31 for alcohol policy).

2. For persons under 21, the use or possession of alcoholic beverages. Public intoxication or excessive consumption of alcohol. Disorderly or irresponsible conduct resulting from consumption of alcohol.
3. For persons over 21, the use or possession of alcohol in public areas where alcohol is not permitted. Excessive consumption of alcohol resulting in disorderly or irresponsible conduct.
4. Selling, distributing, or furnishing alcohol to a person under 21 years of age.

Violation of law. Any violation of federal law, state law, or local ordinance may be a violation of the student code of conduct, independent of the status of any civil or criminal litigation in court or criminal arrest and prosecution. Decisions made or outcomes imposed under the Code will not be subject to change because criminal charges arising out of the same facts were adjudicated in a civil or criminal court process. The University will cooperate as appropriate with law enforcement and other agencies in the enforcement of criminal law and in the conditions imposed by criminal courts for the rehabilitation of student violators provided that the conditions do not conflict with university policies.

MISCELLANEOUS

Role of an advisor. In accordance with the educational purpose of the Code, all students, including respondents and complainants, are expected to speak for themselves at all stages of proceedings under the Code, including, but not limited to, during the investigation, hearing, and any response. Any student may have an Advisor present at any time during any interview, meeting, or proceeding under the Code, but the Advisor's role is to advise the student, not to speak for the student or make any presentation on behalf of the student. The student may, at any time and for a reasonable period of time, confer with the Advisor. If the University official conducting the proceeding

determines at any time that the Advisor is acting outside of these parameters, the Advisor may be required to leave the proceeding at the official's discretion. In appropriate circumstances, at the sole discretion of the University official conducting the proceeding, the University official may allow the Advisor to speak on behalf of the student or make a presentation on behalf of the student.

Training. All members of the SCB, the Administrator, and the investigators will receive annual training in accordance with the requirements of the policies of the Board of Regents of the University of Idaho and the Idaho State Board of Education, as well as all applicable federal and state laws.

Timeframe. Apart from deadlines for requesting a hearing before the SCB or for filing a response, all other timeframes contained in the Code are suggested timeframes. While the timeframes should be followed absent exceptional circumstances, the failure to conduct any action within a designated timeframe is not grounds for response review or reversal of any decision.

Disclosure. The University will, upon written request, disclose to the alleged victim of any crime of violence (as that term is defined in section 16 of Title 18, United States Code), incest, or statutory rape, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense with respect to such crime or offense. If the reporting victim of such crime or offense is deceased as a result of such crime or offense, the next-of-kin of such victim will be treated as the victim for purposes of this paragraph.

APPEAL PROCESS FSH 6100:

Any party may appeal a decision to dismiss the formal complaint and the hearing panel's decision. Appeals must be submitted in writing to the hearing administrator and must set forth grounds for the appeal. The appeal must be filed no later than five days after the decision is delivered to the parties. The hearing administrator shall ensure that all parties and their advisors receive a copy of the appeal

and any response to the appeal submitted by the non-appealing party(ies).

Appeals are limited to the following grounds:

- 1) Procedural irregularity that affected the outcome of the matter;
- 2) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter;
- 3) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally, or the individual complainant or respondent that affected the outcome of the matter.
- 4) The sanctions imposed are substantially disproportionate to the severity of the violation. The decision is not based on substantial information. The appeal panel shall issue a written decision. The decision should be issued within ten days of receiving all appeal materials. The written decision shall describe the result of the appeal and the rationale for the result. The chair of the appeal panel shall provide the written decision to the hearing administrator, who will then simultaneously provide the decision to the parties.
- 5) Unless the case is returned for reconsideration or to the investigator for additional investigation, the decision of the appeal panel is the final institutional decision.

RISK REDUCTION

Sexual assault risk reduction strategies are measures that can help individuals reduce their risk of experiencing sexual assault. Commonly recommended strategies:

AWARENESS AND EDUCATION:

- Learn about consent: Understand and respect boundaries.
- Stay informed: Be aware of the common tactics used by perpetrators.

- Trust your instincts: If something feels off, it probably is.
- Stay in groups: There's safety in numbers, especially in unfamiliar environments.

ENVIRONMENTAL AWARENESS:

- Be aware of your surroundings: Know where exits are and stay in well-lit areas.
- Secure your space: Lock doors and windows, and don't let strangers into your home.
- Set boundaries: Clearly communicate your limits and expectations.
- Have a plan: Know how to get out of uncomfortable or dangerous situations.

SELF-DEFENSE:

- Take a self-defense class: Learn techniques to protect yourself.
- Carry safety tools: Items like whistles, pepper spray, or personal alarms can be helpful.

SUPPORT SYSTEMS:

- Stay connected: Let friends or family know your plans and check in with them.
- Seek help: If you feel threatened, don't hesitate to ask for assistance.

These strategies can help reduce risk, but it's important to remember that the responsibility for preventing sexual assault lies with the perpetrator, not the victim. If you or someone you know needs support, consider reaching out to local resources or hotlines for assistance.

SEXUAL HARASSMENT

Prevention and Awareness Programs

The University of Idaho offers a variety of primary prevention and ongoing awareness and education programs for students and employees. These programs include a statement that the university prohibits sexual assault, dating violence, domestic violence and stalking, the definitions of these offenses, information about consent, risk reduction and bystander intervention, and information about resources and reporting options available to the University and surrounding community.

AWARENESS AND BYSTANDER INTERVENTION

I GOT YOUR BACK

"I got your back" is a campus-wide campaign that promotes Vandals taking care of each other to maintain a safe and inclusive community. The program offers a variety of training, events and interventions to educate students, faculty and staff on how to safely and effectively care for each other, step in when something isn't right, and offer appropriate resources. The website provides more comprehensive list of programs under the "I Got Your Back" initiative.

GREEN DOT

In contrast to historical approaches to violence prevention that have focused on victims and perpetrators, the Green Dot strategy is predicated on the belief that individual safety is a community responsibility and shifts the lens away from victims/perpetrators and onto bystanders. The overarching goal is to mobilize a force of engaged and proactive bystanders that can step in and speak up when they witness potentially harmful situations.

PRESENTATIONS/TRAINING

The Violence Prevention and Education Office also offers a variety of presentations relating to interpersonal violence, including dating/domestic violence, sexual assault, stalking, hazing, healthy relationships, and more. Some of these are presented in partnership with Vandal Health Education or Alternatives to Violence of the Palouse, our local community non-profit victim advocacy organization. Presentations on a variety of topics can be customized for classrooms, living groups, organizations, and events.

The Violence Prevention and Education Office partners closely with the ASUI Executive Branch Director of Safety & Wellness. This student position helps inform and take leadership in various prevention efforts.

Prevent Support Respond

What will you do to make a safer campus?

REQUIRED SAFETY PROGRAM

The online Required Safety Program for first year undergraduates helps new students examine the interconnected issues of substance misuse, hazing, and sexual violence, empowering them to make healthy choices. All first year and transfer undergraduate students at the University of Idaho under the age of 24 are required to complete the online safety program by the second week of classes during their first semester at the University of Idaho. Provided through AliveTek/Prevent.Zone's online platform, three courses are utilized to educate our students. *Decisions: Alcohol & Other Drug Awareness* is a one-hour online course that uses science-informed strategies to provide students with the information they need to make decisions regarding alcohol and other substance use. The course focuses on expectations, motivations, and environmental impacts, and explains blood alcohol content (BAC) and alcohol by volume (ABV) measurements. *Hazing Prevention: It's Everyone's Responsibility* is a one-hour course that was created in conjunction with Hazing Prevention Network using evidence-informed strategies. This course teaches learners how to recognize, prevent, and report hazing on campus, and how to create safer and healthier group dynamics. *Cultivating Awareness & Prevention of Sexual Violence* is a one-hour course that uses science-informed strategies and the Social Ecological Model of prevention to educate students around issues associated with sexual misconduct, relationship violence, and stalking. The covered topics combine to take an advanced harm-reduction approach that resonates with students and empowers them to make better choices around consent, healthy relationships, and how to support others.

This training program will be used by the University of Idaho beginning Fall 2025

The required online safety program for first year undergraduates helps new students examine the interconnected issues of substance misuse and sexual violence. Provided through Vector Solution's online platform, two courses are utilized to educate our students. AlcoholEdu uses science-based research and evidence-based interactive strategies, including personalized feedback, to educate students about alcohol and its effects. Sexual Assault Prevention for Undergraduates (SAP-U) provides important prevention skills and strategies around issues associated with sexual misconduct, relationship violence, and stalking. The covered topics combine to take an advanced harm-reduction approach that resonates with students and empowers them to make healthy choices. All first year and transfer undergraduate students at the University of Idaho under the age of 24 are required to complete the online safety program by the second week of classes.

*This training program was used for Fall 2024 and Spring 2025 but will be replaced by PreventZone by Alive Tek beginning Fall 2025.

HAZING PREVENTION TRAININGS

Our primary hazing prevention initiatives are based on evidence-informed strategies and are delivered through Prevent.Zone modules provided by AliveTek. Specifically, the Hazing Prevention: It's Everyone's Responsibility module, developed in collaboration with the Hazing Prevention Network, educates learners on recognizing, preventing, and reporting hazing; Understanding the impact of hazing on individuals and communities; fostering safer and healthier group dynamics.

All new undergraduate students under the age of 24, including transfer students, are required to complete the one-hour Hazing Prevention module through the AliveTek/Prevent.Zone online platform. This course is part of the Required Safety Program and must be completed by the second week of classes during their first semester at the University.

All University of Idaho faculty and staff are required to complete the 30-minute Hazing Prevention online module annually. This training is delivered through the University's Learning Management System, Bridge, and ensures that employees understand their roles in preventing hazing and supporting a safer campus environment.

OFFICE OF CIVIL RIGHTS AND INVESTIGATIONS

The Office of Civil Rights and Investigations (OCRI) offers touchstone training to departments, units, student groups or any other organization desiring to further their knowledge in these areas. Training is typically conducted by the director of OCRI, collaborating with other content experts as needed. The lecture-style training courses are interactive and engaging, and attendees will leave with knowledge and resources they can apply in everyday scenarios. Available trainings: Sexual Misconduct Disclosure Procedures/ Mandatory Reporter, Sexual Harassment: Identify and Prevent, Title IX Overview, ADA: Supervisor and Employee Roles and Responsibilities, Appropriate Interpersonal Relationships, Consent: The Real Deal, The Complaint Process: Title IV, Title VII, Title IX, ADA, Retaliation, Service Animals and Emotional Support Animals, and Faculty Responsibilities under the ADA.

CRIME PREVENTION PROGRAMS

PUBLIC PROGRAMS – MPD

In 2024, the Moscow Police Department partnered with the University of Idaho to provide 36 public programs aimed at crime prevention to various groups on campus including fraternities and sororities. These programs include alcohol awareness training, active shooter training, and general safety training.

ALCOHOL AND OTHER DRUGS PROGRAM

The University of Idaho added an Alcohol and Other Drugs (AOD) Program Coordinator in 2014, and the AOD Program is currently managed by Vandal Health Education (VHE). The position's main objectives are to reduce higher-risk substance use and reduce substance-use related harms.

EDUCATIONAL WORKSHOPS

Using a peer education model, outreach and workshops are offered to living groups, classes, and student clubs and organizations. Workshops include relevant U of I National College Health Assessment data used for normative re-education and incorporate components of motivational interviewing to support the harm reduction approach implemented on the U of I campus. Workshops included Alcohol 101, I Got Your Back: Alcohol Bystander Intervention, Recovery Ally training, and other presentations upon request. During the 2023-2024 school year, 996 students attended these programs.

CHOICES ALCOHOL EDUCATION PROGRAM

The AOD program facilitates the CHOICES program for students who receive an alcohol-related sanction through the Dean of Students Office. This group program is a two-session, evidence-based Alcohol Skills Training Program coordinated by Vandal Health Education and co-facilitated by Counseling & Mental Health Center staff. The program engages students in self-reflection and discussion about the effects of alcohol, risks, and norms associated with alcohol while equipping them with the information, strategies, and skills to make informed decisions.

REQUIRED SAFETY PROGRAM

The first semester on any college campus is traditionally a high-risk time and presents risks for new students when it comes to substance abuse and sexual assault. To help mitigate this risk, all first-year, undergraduate U of I students under the age of 24 as of the first day of classes, are required to complete the Required Safety Program (RSP), at the start of the semester. During the 2023-2024 academic year, the RSP was Voices for Change offered by Get Inclusive. Voices for Change addresses substance use, sexual assault, and hazing prevention as well as a module on identities. In 2023-2024, 2342 students completed Voices for Change.

SCREENINGS AND OUTREACH

The AOD Program consistently partners with the Counseling & Mental Health Center to offer alcohol and cannabis screenings with brief interventions throughout the year, reaching 351 students in 2023-2024. The AOD Program promotes additional harm reduction efforts such as Prescription Drug Take-Back Days, in which the AOD Program, in partnership with the Moscow Police Department, collects any leftover or unused prescription drugs for safe disposal. The AOD Program also hosts and promotes e-CHECKUP TO GO, a brief, anonymous, web-based alcohol and/or cannabis screening that provides personalized feedback. The AOD Program helps promote a nicotine and Tobacco-Free Campus and contributes to offering more late-night programming including: Catan Night, a Mystery Gaming Competition, the Tutxinmepu Powwow, and an evening at the Flying Squirrel Trampoline Park.

COMMITTEES AND COALITIONS

The Alcohol and Other Drugs Advisory Committee is a network of campus and community partners that ensures the campus maintains compliance with the Drug Free Schools & Communities Act as well as sets strategic goals for the campus to address high-risk substance use. The University of Idaho is also a member of the Idaho College of Health Coalition (IHC) which works to improve prevention efforts regarding alcohol and prescription drug misuse across the state of Idaho. In 2023-2024, IHC funding supported two professional development sessions.

21ST BIRTHDAY PROGRAM

Around their 21st birthday, a traditionally high-risk time for alcohol-related harm, students are emailed an invitation to receive personalized feedback regarding their alcohol or cannabis use through the online, evidence-based eCheckUpToGo tool. After completing the screening, students receive a signature "UI 21" water bottle; in 2023-2024, 95 students completed the program.

VANDALS FOR RECOVERY

Vandal Health Education, Counseling & Mental Health Center, and Latah Recovery Center partner to offer events, resources, and programs for students in or seeking recovery. Exact opportunities, support groups, and roles can be found online at www.uidaho.edu/recovery. Additionally, VHE offers training to campus community members regarding how to support someone who is in or seeking recovery through the Recovery Ally training program.

NEW STUDENT ORIENTATION

“Vandals In The Know” is an orientation session for new students, which includes discussion about reducing risks related to substance use and other wellbeing issues. All new students who attend orientation participate in this safety programming. Additionally, printed informational materials and drop-in information sessions that address having conversations with their students about alcohol safety were provided to parents and family members of incoming students.

For more information, read the Alcohol & Other Drugs Policy, available on the Dean of Students website, or learn about the Alcohol & Other Drugs Program at uidaho.edu/aod.

Crime Statistics – Moscow

As part of UI's ongoing commitment to accuracy and transparency, we would like to make you aware that the University is restating its crime-related statistics from previous years as found in this annual report. The revisions follow an in-depth analysis of our campus crime statistics conducted by national campus safety experts and are indicative of the University's continued efforts to assure the most accurate information is available in adherence to the law and spirit of the Clery Act.

Boise Campus

UI CENTERS FOR HIGHER EDUCATION

The University of Idaho's Boise Center for Higher Education is located at the Idaho Water Center, 322 East Front Street, Boise, Idaho. The Boise Center does not have campus residences.

There is security on site, and all crimes are to be reported to the Boise Police Department. Access is monitored electronically.

BOISE CAMPUS REPORTING PROCEDURES

REPORTING EMERGENCIES AND CRIMES

STEP 1: DIAL 911.

In most cases, such as fire, hazardous materials release, terrorist/criminal activity, or earthquake, the appropriate number to call is 911.

OR, if it is a utility failure or utility problem, call University of Idaho Boise property manager, Cody Barlow at 208-514-9367.

STEP 2: NOTIFY BOISE'S CEO AND OPERATIONS MANAGER AT THE NUMBERS BELOW.

Boise Center – CEO 322 E. Front St., STE. 350	208-364-4041
Facilities & Operations Manager 322 E. Front St., STE 324	208-364-6137

BOISE CENTER LAW ENFORCEMENT

The agency providing law enforcement services to the Boise Center is the Boise Police Department. The Boise Police Department has full police authority to investigate, apprehend and arrest, and to enforce applicable laws and ordinances at the center. The university does not have a contract with the Boise Police Department for law enforcement services.

In addition, the Boise Campus is patrolled by Vandal Security officers during the hours of operation. Vandal Security are non-sworn personnel who provide crime deterrence by performing random patrols and watching for potentially hazardous situations and criminal activity and will assume operational roles during an emergency incident as directed by the UIB Operations Manager or University Emergency Manager.

If minor offenses involving university rules and regulations are committed by a university student, the police may also refer the individual to the disciplinary division of Student Affairs.

Coeur d'Alene Campus

The University of Idaho's Coeur d'Alene Center for Higher Education is located at 1031 North Academic Way, Coeur d'Alene, Idaho. The Coeur d'Alene Center does not have any campus residences.

The Coeur d'Alene Center is located on property that is controlled by North Idaho College (NIC). All private security and access control is maintained by NIC.

COEUR D'ALENE CENTER LAW ENFORCEMENT

The agency providing law enforcement services to the Coeur d'Alene Center is the Coeur d'Alene Police Department. The Coeur d'Alene Police Department has full police authority to investigate, apprehend and arrest and to enforce applicable laws and ordinances on the campus. The university does not have a contract with the Coeur d'Alene Police Department for law enforcement services.

If minor offenses involving university rules and regulations are committed by a university student, the police may also refer the individual to the disciplinary division of Student Affairs.

COEUR D'ALENE REPORTING PROCEDURES

In the event of an Emergency or Life-Threatening Incident dial 911 at any time during the day or night for immediate assistance. After reporting the incident to the police, the incident should be reported to the appropriate university officials. For Coeur d'Alene Center contact AVP/CEO of Northern Idaho at 208-667-2588 or 1031 N. Academic Way, Ste. 242, Coeur d'Alene, ID.

Also available to the University of Idaho community in Coeur d'Alene: Two online forms are available under Security Services on the Public Safety and Security website.

- **Silent Witness:** Anyone can submit a report through the Silent Witness form. The submitter has the option to remain anonymous.
- **Clery Incident Report:** This form is designed for Campus Security Authorities (CSAs). The CSA reporting tool also has required fields so that the Office of Public Safety and Security, Dean of Students Office, Title IX Coordinator, Law Enforcement and/or other applicable parties may obtain further information to properly report, investigate, and provide necessary services if needed.

Idaho Falls Campus

The Idaho Falls Center for Higher Education is located at 1776 Science Center Drive, Suite 306, Idaho Falls, and is part of the Idaho State University/University of Idaho Center for Higher Education at University Place. The Idaho Falls Center does not have campus residences for University of Idaho students.

Idaho State University has armed security on campus and all access control for University of Idaho affiliates is maintained through Idaho State University.

Idaho Falls Center – AVP/CEO 1776 Science Center Dr., Idaho Falls, ID	208-757-5402
--	--------------

IDAHO FALLS CENTER LAW ENFORCEMENT

The agency providing law enforcement services to the Idaho Falls Center is the Idaho Falls Police Department. The Idaho Falls Police Department has full police authority to investigate, apprehend and arrest, and to enforce applicable laws and ordinances on the campus. The university does not have a contract with the Idaho Falls Police Department for law enforcement services.

If minor offenses involving university rules and regulations are committed by a university student, the police may refer the individual to the disciplinary division of Student Affairs.

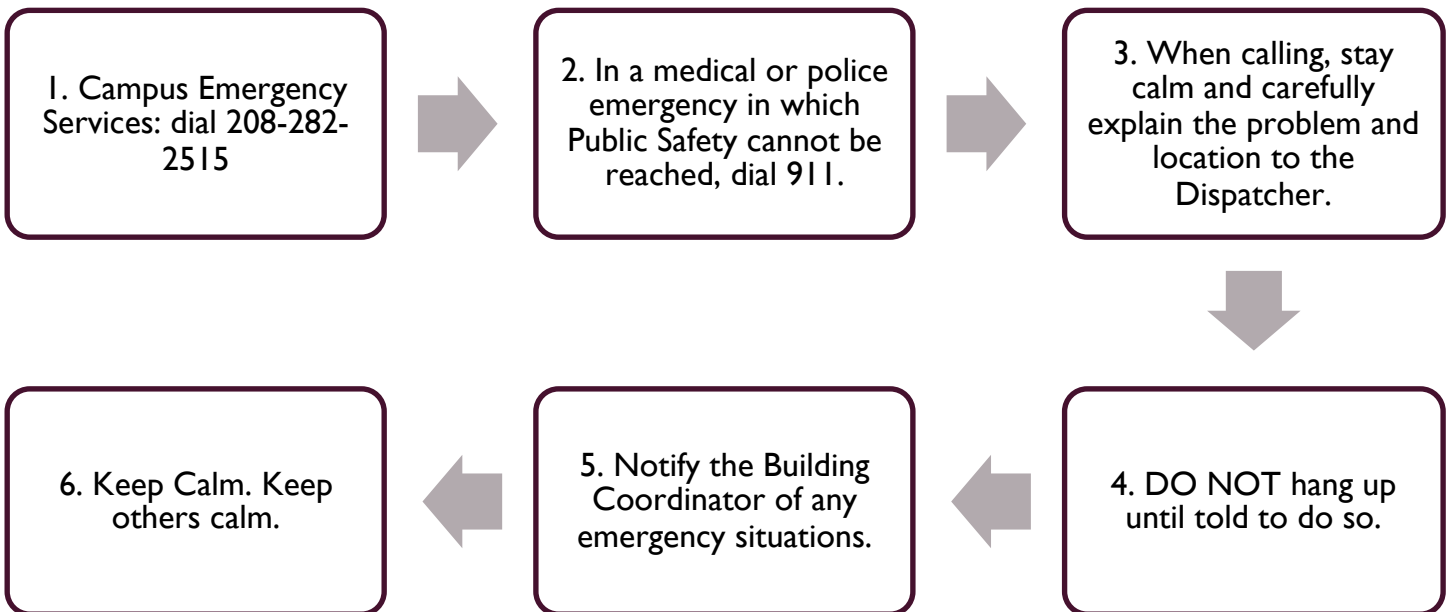

Unique to Idaho Falls, on-site non-police or emergency security is also provided by Idaho State University Public Safety. Idaho State University's Public Safety employees do not possess the arrest authority of a police officer.

IDAHO FALLS REPORTING PROCEDURES

Procedures at the Idaho Falls Center for Higher Education are official procedures of Idaho State University (ISU). Per an agreement with ISU and UI, UI employees report crimes to ISU's Public Safety Office.

Also available to the University of Idaho community in Idaho Falls: Two online forms are available under Security Services on the Public Safety and Security website. University of Idaho, Idaho Falls location also reports crimes to the Idaho State University Public Safety through an agreement with ISU/UI.

EMERGENCY RESPONSE POLICIES AND PROCEDURES

Policies and procedures for emergency response at University Place in Idaho Falls (which includes both UI and ISU) are under ISU's Department of Public Safety as provided for in the ISU/UI Agreement. This comprehensive Emergency Response Plan is available on the ISU website.

The purpose of University Place's Emergency Response Plan (coordinated by ISU with collaboration from the Idaho Falls Emergency Management team) is to develop a simple emergency management capability that can take immediate steps to respond to the effects of an emergency, preserve life, protect property, provide assistance, and coordinate the university's continuity of academic and business operations.

EVACUATION DRILL POLICY

1. Evacuation drills shall be conducted at least once every year at unexpected times and under varying conditions to simulate the unusual conditions that occur should an evacuation be necessary. These drills may be obstructed, (having various means of exit made temporarily unavailable) to familiarize occupants with secondary routes of evacuation, or unobstructed.
2. The Building Coordinator and Public Safety will schedule evacuation drills at least one week prior to the drill.
3. Evacuation drills shall involve all occupants. Everyone should leave the building when the fire alarm sounds. Exceptions are strongly discouraged. It may be advisable to notify anyone needing special assistance prior to the planned evacuation drills.
4. In the conduct of drills, emphasis shall be placed upon orderly evacuation under proper discipline rather than upon speed. The Building Coordinator and Floor Proctors are expected to perform their assigned duties as if they were in an actual emergency.
5. Provisions should be made for timing and evaluating the orderliness of each drill. The Public Safety Department will provide Evacuation Drill Report forms.

NOTES: No Residential facilities on property. No hate crimes reported for 2022, 2023, or 2024.						

McCall Field Campus

The McCall Field Campus is located at 1800 University Lane, McCall, ID 83638. The McCall Center for Higher Education has seven (7) Residential facilities.

The McCall Field Campus does not have electronic access control nor on-site security.

MCCALL FIELD CAMPUS LAW ENFORCEMENT

The agency providing law enforcement services to the McCall Field Campus and McCall Outdoor Science Center is McCall Police Department. McCall Police Department has full police authority to investigate, apprehend and arrest and to enforce applicable laws and ordinances on campus. The university does not have a contract with the McCall Police Department for law enforcement services.

If minor offenses involving university rules and regulations are committed by a university student, the police may also refer the individual to the disciplinary division of Student Affairs.

MCCALL FIELD CAMPUS REPORTING PROCEDURES

After the immediate threats have been addressed and 911 or another appropriate form of emergency medical dispatch has been reached, staff and students should follow this communication tree.

1. Get a clear understanding of the situation. When in doubt, call your supervisor, or team leader and pass it up the chain.
2. Contact a MOSS Program Coordinator: 208-885-1085
 - Beth Kochevar
 - Leslie Dorsey
3. A program coordinator will contact the MOSS Risk Manager
 - Gary Thompson
4. The Risk Manager will contact the next appropriate person in the MOSS/U of I administration.
 - Greg Fizzell, MOSS Program Director
 - Karla Eitel, MOSS Executive Director

5. When in doubt you always have access to support from the University of Idaho Office of Public Safety, Security, and Parking.
 - <http://www.uidaho.edu/infrastructure/pss>
 - Office: 208-885-7179
 - Active in Emergency Hotline: 208-885-1010
 - Email: emergency@uidaho.edu
6. Once the incident and its initial response is over, the Risk Manager or next available staff will coordinate with witnesses to make sure an accurate and timely incident report is filled out.

At no point should a MOSS faculty or staff member speak with the public or a parent regarding an incident without coordination with the Risk Manager, U of I Administration and/or the College of Natural Resources.

Emergent Situations

In general, if nothing else, you can use the Emergency Response Quick Guide (ERQP) to provide you with some options to address an emergent situation. The ERQP will be posted on the doors of residences and program buildings.

The air horn is the primary means of campus wide notification of an emergency situation. The air horns can be found in the front office, dining lodge and maintenance shop.

Many events may cause for a campus evacuation. In case of such an event the air horn will issue a series of three long blasts, each one lasting for five (5) seconds. This will signal the need to evacuate campus and relocate to predetermined location, either the MOSS parking lot or the parking lot at the Ponderosa State Park Visitors Center, where groups will be sorted by housing accommodations and counted.

Fire Safety Report

FIRE SAFETY – POLICIES AND PROCEDURES

UNIVERSITY HOUSING FIRE SAFETY REGULATIONS

RESIDENT HANDBOOKS

All students signing a lease agreement with university housing receive a handbook for their residence hall or on-campus apartment.

ALARMS AND SMOKE DETECTORS

The Building Alarms alert the Fire Department. The Moscow Fire Department will respond automatically when an alarm sounds. Vandalism or tampering with alarms or any life-safety equipment is against the law. ALL violators will be prosecuted.

Smoke detectors are intended for room occupant notification only. The alarm will not alert the rest of the building of a fire situation. It should be kept in an operable condition and tested monthly by students. If it is found to be inoperable, notify maintenance immediately for repair or replacement by submitting a service request online through your Vandal Web account. McConnell Hall has battery-powered smoke detectors which must be kept in operable condition and tested monthly by students. Each residence hall is equipped with a building fire alarm system that senses fire and/or smoke. The system can also be activated manually when there is a fire. The alarm stations are located within the hallways at points of exit, such as doorways to stairwells, exterior exit doors, etc. Residents should familiarize themselves with the manual pull station locations within their residence.

REPORTING

All fires, or false alarms should be reported immediately to the Moscow Fire Department (Emergency: 911, Non-emergency: 208-882-2677) and University of Idaho Environmental Health and Safety office (208-885-6524 or safety@uidaho.edu)

PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY

Changing fire alarms in the residential facility, McConnell Hall.

STUDENT RESPONSIBILITY

RESIDENCE HALLS

Students living in the Residence Halls agree to the following:

- Compliance with University officials and police on campus.
- Students who verbally abuse or fail to cooperate with the reasonable request of a university official (including all members of the Housing & Residence Life staff) acting in performance of their duties may face judicial action.
- Moscow Police Officers are members of the University community and are regularly in the residence halls for community-oriented policing, educational programming and to address community concerns as they arise.

FIRE SAFETY

Protecting the university community against fire is a major concern. It is the intent of the university to provide a reasonably safe environment for students, faculty, and staff. To accomplish this, certain safeguards must be strictly adhered to, and a certain level of responsible conduct must be maintained. Fire safety regulations in force at the university are accepted standards for the State of Idaho and are not optional. Everyone within the university community is subject to the rules and regulations of the fire codes. To achieve compliance and thereby provide a reasonably safe, hazard-free living environment, the university requires each student to follow some basic safety rules. With your cooperation, the threat of fire can be greatly reduced.

- Students should read and understand the fire safety procedures posted on the back of room doors.
- Do not obstruct or damage these instructions in any way. Students will be billed to replace instructions that are defaced or removed.
- Students should locate all exits from their floor, memorize their locations, and become familiar with any "landmarks" that would aid evacuation if visibility were reduced by smoke.
- Students should locate all fire alarm pull stations on their floor and familiarize themselves with their correct operation. Students should become familiar with these regulations and the evacuation procedures.
- Fire exits, specifically marked, should not be used for any other reason except evacuation during a fire.
- At the first sound of a fire alarm, students are expected to leave the building immediately.

EVACUATION PROCEDURES

Idaho Fire code (Adopted International fire code) requires fire drills within 10 days of the school year on a quarterly basis. Two drills are to be conducted during normal business hours and two drills are to be conducted during evening or very early morning hours per the code. Tests may be announced or unannounced and the Fire Safety Director for the university documents a description, date, and time of the exercise.

- In the event of an emergency, sound the alarm if it is not engaged.
- Prepare to exit. Turn off equipment, close doors, and take only necessary items as you leave the building. Remind others to exit swiftly.
- Evacuate the building. As you leave, check doors, hallways, and stairwells for heat and smoke. Do not open doors that are hot. Remain where you are and attempt to block smoke from entering. Call 911 and report your location.
- Use Stairs. Never use elevators when exiting due to a fire alarm. If you are unable to use the stairs, locate a safe area (or area of refuge) and call 911.
- Report to the assembly point outside the building.

For students living in a Living Learning Community (LLC), you must evacuate to a location off the LLC block. All sidewalks within the neighborhood as well as perimeter must be clear for emergency vehicles. All residents and visitors are required to evacuate the building immediately when a fire alarm sounds.

ON CAMPUS APARTMENTS

Residents are expected to vacate their apartment when instructed by University, Police, or Fire personnel. Elmwood Apartment residents vacate their apartment and proceed to the opposite side of the street in event of a fire alarm.

FIRE NOTIFICATION REPORTING PROCEDURES

- During a fire alarm the housing staff member must act as a liaison for the fire department.
- The housing staff liaison will then notify the on-call housing supervisor.
- The University Housing staff member assesses the situation and notifies the Director of University Housing.
- Any additional notifications are made by the Housing director.
- The staff member on call completes a fire report.
- The Assistant to the Director is responsible for getting fire reports to Security Services.

FIRE SAFETY – TRAINING

The Department of Environmental Health and Safety trains University Housing's resident directors at the beginning of the academic year. The resident directors are responsible for training their resident assistant staff.

Mandatory floor meetings are held in each residence hall at the beginning of the academic year. Fire safety information is included in the agenda for each of these meetings.

RESIDENCE HALL POLICIES

Residence Hall Handbook policies pertaining to portable electrical appliances, smoking and open flames:

Appliances

- Possessing items in student rooms/suites used to cook food or to create heat that do not have an automatic shut off is prohibited.
- The following items are strictly prohibited regardless of automatic shut off in all interior spaces and buildings, including, but not limited to: toaster, pressure cooker, deep fryer, hot plate/heating element, open flame or gas grill of any size or kind, etc.

Fire Safety

- Tampering with, altering, damaging, disabling, or inappropriately utilizing any fire safety equipment or creating such conditions that could create a potential fire hazard, including false fire alarms and failure to evacuate during a fire alarm is prohibited.
- Unless approved by Housing & Residence Life staff, the following items are prohibited: Live trees, wreaths, or garlands in student spaces; Any live trees in community spaces must have approval from Professional Housing staff; Open flame items (even if not lit) including: candles, incense, punks, lanterns, etc.; Flammable liquids, gases, oil, etc.; motor vehicles of any type (including but not limited to Hoverboards, Segway, IO Hawks, Skywalkers, and similar devices), or associated parts for maintenance, repair, or storage; Student construction, made of wood, not coated with two coats of fire retardant paint.

- Cords placed under carpets or doors are prohibited.
- Students will not set a fire, pull or call in a false alarm, discharge or remove a fire extinguisher or hose, tamper with smoke detector, break the safety glass on the fire extinguisher case, prop fire doors, and/or leave an area through the locked fire door.

Smoking

- Smoking any product that produces smoke/vapor, including but not limited to cigarettes, cigars, pipes, or electronic cigarettes in any Housing & Residence Life facility or on the University of Idaho campus is strictly prohibited.

Weapons, Firearms, Fireworks and Explosives

- Possessing, using, or storing firearms, explosives, weapons, projectiles, explosive devices, or explosive substances within Residence Hall premises is prohibited.

Fire Safety Report – McCall Field Campus

FIRE SAFETY MCCALL FIELD CAMPUS – POLICIES AND PROCEDURES

All Graduate Students at the McCall Field Campus are required to follow all University of Idaho Residence Hall Handbook policies pertaining to portable electrical appliances, smoking and open flames as stated above.

STUDENT RESPONSIBILITY

Graduate Students living on the McCall Field Campus are required to follow all University of Idaho Residence Hall Handbook policies pertaining to Student Responsibilities as well as special agreement to the following:

COMPLIANCE WITH UNIVERSITY OFFICIALS

Students who verbally abuse or fail to cooperate with the reasonable request of a university official (including all members of the Housing & Residence Life staff) acting in performance of their duties may face judicial action.

- Review risk management program and complete all trainings.
- Manage risk for K12 activities and programming in accordance with best practices of the organization.
- Maintain WFA/CPR certification while working in the field with K12 programs. If certification has expired, people must have a plan to recertify.
- Disaster Procedures – Fire (On Campus)
- On the discovery of a fire, instructors and chaperones should first be sure all students and staff are out of the building; individuals should not stop to collect belongings. (If a chaperone or instructor was not present when the fire was discovered, he/she will make sure that the building is vacated, either through questioning students/staff/etc., or by a visual check.)

- After ensuring that the building is vacated, staff/chaperones should report the fire to the program director.
- After (1) and (2) are done, staff may make efforts to fight the fire if this can be done without unreasonable risk of injury to self. Students may not be involved in firefighting. Fire extinguishers are located by the door in each building. If fighting the fire will endanger anyone it should be left alone.

The Program Coordinator or other designated person(s) will be in charge of notifying the McCall Fire Department if needed; Staff and chaperones will make sure students are clear of the fire and any access roads/points needed by the fire department.

FOREST FIRES

In the event of knowledge of a threatening forest fire the program director will make the decision as to whether or not campus should be evacuated.

- If an evacuation is chosen the horn will be blown as per normal emergency.
- Students and staff will assemble in the parking lot and be accounted for.
- The Program Coordinator will coordinate the use of vehicles to evacuate campus. He will be responsible for organizing the orderly assignment of student groups to vehicles.
- Once all people on campus are loaded into assigned vehicles, they should proceed to the designated area of safety.
- If the campus is not to be evacuated, all students and staff should be organized under the program director's discretion until the emergency is passed.
- The Program Coordinator will be responsible for coordinating contact and gathering information from the appropriate response agencies.
