

# Environmental Health and Safety

## Open Burning Authorization

### Purpose

This document is meant to ensure that any open burning activities are conducted in a controlled, safe, and environmentally responsible manner.

Location: \_\_\_\_\_

Date: \_\_\_\_\_ Time: \_\_\_\_\_ to \_\_\_\_\_

Purpose: \_\_\_\_\_

Fuel to be used: \_\_\_\_\_ Amount: \_\_\_\_\_

Responsible Organization: \_\_\_\_\_

Responsible Individual(s): (Please Print)

| Name | Contact Phone # | Campus Address |
|------|-----------------|----------------|
|      |                 |                |
|      |                 |                |
|      |                 |                |

- At least one of the individuals named on this form must attend the fire/burning event and assume full responsibility for controlling and extinguishing all fire.
- Permits are issued on the condition that a five-pound ABC fire extinguisher or other equipment be on hand to control and/or extinguish all fire when necessary. The following is recommended as a minimum:
  - a. Garden hose or other water source
  - b. Shovel
  - c. 2 – 5 gallon bucket
- It is the responsibility of the undersigned to ensure all flames and embers are extinguished prior to vacating the area and to abide by any additional requirements set by Environmental Health & Safety. See: [uidaho.edu/safety](http://uidaho.edu/safety) for more information or contact [safety@uidaho.edu](mailto:safety@uidaho.edu).
