

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Division of Public Works, State of Idaho, at **Facility Services Building, 875 Perimeter Drive MS 2281, Moscow, Idaho 83843** until **2:00 p.m.** Pacific local time, on **Thursday, March 26, 2026** for **DPW Project 25252 North Campus Entrance Hwy 8 Frontage Improvement, University of Idaho, Moscow Idaho.**

A description of the work of this project can be summarized to include Provide a 10' wide 940' asphalt pedestrian pathway for cyclists and pedestrians along the former railroad bed. The landscaping is a xeriscape landscape with fescue grasses and native prairie wildflowers and forbs for pollinators which then blend into the existing Paradise Creek Ecosystem zone. Interpretive nodes with a concrete plaza and interpretive signage structures are included to bring attention to specific areas of interest. Earth berming is included within the design to replicate the hills of the Palouse and create interest to an otherwise mundane abandoned railroad bed alignment. The earth berming is to cap the old creosote rail bed. The old railbed will remain undisturbed. Other amenities include low voltage LED lighting along the path to promote safety.

Proposals will be opened and publicly read at the above hour and date.

Plans, specifications, proposal forms and other information are on file for examination at the following locations:

State of Idaho Division of Public Works, 502 N. 4th St., Boise, ID 83702 (208) 332-1900
