

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Division of Public Works, State of Idaho, Facility Services Building at **875 Perimeter Drive MS 2281, Moscow, Idaho 83843-2281** until **2:00 p.m.** local time, on **Thursday, April 30, 2026** for **DPW Project 25269 Campus Drive Repairs, Phase III, University of Idaho, Moscow, Idaho.**

A description of the work of this project can be summarized to include Campus Drive Repairs; Phase 3 is the last phase of the reconstruction of Campus Drive at the UI Moscow Campus. It is intended to be a continuation of campus pedestrian walkway system and will replace the last section of deteriorating road surface with new concrete and decorative brick pavers that complement the collegiate gothic architectural features of the administration building. The new drive will be developed in a "Woonerf" style configuration that is intended as "barrier-free" design focused on pedestrian traffic over vehicular use. It will be inclusive for all users including removal of the metal pipe barriers intended to keep students off the administration lawn. Proposed improvements will maintain the architectural character established in 2018, with the previous Admin Circle (Phase 1) and subsequent Campus Drive (Phase 2) projects. Amenities include decorative brick pavers, upgraded historic lighting and new site furnishings such as trash/recycling receptacles and much needed benches for seating that include views of the historic administration lawn. All walkways and sidewalks, where feasible, will comply with universal design, ADA accessibility requirements, and principles. New landscape plantings and irrigation enhancements are also included and are important for maintaining the aesthetic of the historic character of the campus.

Proposals will be opened and publicly read at the above hour and date.

Plans, specifications, proposal forms and other information are on file for examination at the following locations:

State of Idaho Division of Public Works, 502 N. 4th St., Boise, ID 83702 (208) 332-1900
