Max Learns About Money

DIRECTIONS FOR MAKING A SAVINGS JAR:

Materials Needed:

- 1 Jar per child. (*Plastic is best for children under 8 years old*)
- 1 Lid with a coin slot in it per child. (*Slot is already cut*)
- 1 Pair of Scissors per child. (*Child safe for under 8 years old*)
- Either Tape or Glue (*Whatever will stick best on the jars*)
- Crayons or Markers
- 3 Worksheets per child.
 - *Max Learns About Money Savings Worksheet*
 - *Coins Activity Worksheet*
 - *Max Learns About Money Savings Cutout Worksheet*

Instructions:

1. Have each child fill out the *Max Learns About Money Savings Worksheet*.
2. Give a jar to each child.
3. Cut out the picture of Max on the *Max Learns About Money Savings Cutout Worksheet*.

Max Learns About Money

INSTRUCTIONS:
Cut out the square with Max in it so he can be taped or glued to your very own Max Savings Jar.

Northwest Youth Financial Education
www.utah.edu/nw-youth-financial-ed

4. Tape or Glue the cutout to the jar.
5. Cut out the squares from the *Coins Activity Worksheet*.
6. Have each child write some things that they might want to purchase in the future on the coins.

7. Have each child put the coin cutouts into their jar.

8. Explain to the children that it is better to save the money they earn than spend it right away.
